Set in the 1950s, a high school student is pressured by her family to end her romance with the class bad boy. He races off on his motorcycle to the nuclear waste dump and returns 'glowing' with determination to graduate, win the girl's heart and take her to the prom. The tyrannical principal orders him to drop dead while a scandal-seeking reporter portrays him as the freak du jour. History comes to his rescue while a tuneful selection of original songs in the style of 50s hits keeps the action rocking across the stage.
