Rensselaer County Multi-Jurisdictional Hazard Mitigation Planning Project

NFIP COMPLIANCE ACTIONS WORKSHEET

(Name of Jurisdiction) _____
Town of Berlin

First:

1. Please fill in the following table. (Note: All municipalities in Rensselaer County participate in the NFIP; NFIP participating communities DO have a floodplain management ordinance AND a Floodplain Administrator on the books.)

Name of Your Jurisdiction	Adoption Date of your Current Floodplain Management Ordinance	Position Title of Your Jurisdiction's Designated Floodplain Administrator	Number of Municipal Staff with Roles in Enforcement of Floodplain Management Ordinance
Town of Berlin	October 13, 1988	Building Inspector	1
Please give a brief description of activities currently undertaken by your municipality to enforce your floodplain management ordinance: The Building Inspector, Planning Board and Zoning Board work together to administer the land use regulations			

Next:

2. If your current floodplain management ordinance was adopted before 1996 and has not been subsequently revised, then fill in Row 1 on Pages 2 and 3. (Please leave Row 1 blank if your ordinance is current as of 1996 or later.)
3. If your jurisdiction currently does not have a specific person filling the position title of Floodplain Administrator, or if the person filling this position is unaware of their role/responsibilities, then fill in Row 2 on Pages 2 and 3. (Otherwise please leave Row 2 blank.)
4. If you consider the present level of staffing insufficient to adequately enforce your floodplain management ordinance, then fill in Row 3 on Pages 2 and 3. (Please leave Row 3 blank if you feel current staffing levels are adequate.)
5. Please fill in Row 4 on Pages 2 and 3 to evaluate how you plan to update your floodplain management ordinance to be consistent with revised Flood Insurance Rate Maps that may at some point become available in the future for Rensselaer County. (Note that FEMA has not included Rensselaer County as part of its Map Modernization study; thus, no new mapping is anticipated in the near future. However, everyone should still fill in Row 4.)
6. If floodplain management staff members in your municipality are not Certified Floodplain Managers (CFMs), then please fill in Row 5 on Pages 2 and 3. (Please leave Row 5 blank if your floodplain managers are already CFMs.)
7. If your municipality is not already a participant in FEMA's Community Rating System (CRS), please fill in Row 6 on Pages 2 and 3. (No jurisdictions in Rensselaer County currently participate in the CRS; everyone should fill in Row 6.)
8. If you consider there to be additional activities that could be undertaken to enforce your municipality's floodplain management ordinance beyond what your municipality is already doing, please list these actions in the blank Rows 7 and 8 on Pages 2 and 3. (Otherwise, you can leave Rows 7 and 8 blank.) * Feel free to attach additional pages if you need more space.

NFIP COMPLIANCE ACTIONS WORKSHEET

(Name of Jurisdiction) _____ Town of Grafton

First:

1. Please fill in the following table. (Note: All municipalities in Rensselaer County participate in the NFIP; NFIP participating communities DO have a floodplain management ordinance AND a Floodplain Administrator on the books.)

Name of Your Jurisdiction	Adoption Date of your Current Floodplain Management Ordinance	Position Title of Your Jurisdiction's Designated Floodplain Administrator	Number of Municipal Staff with Roles in Enforcement of Floodplain Management Ordinance
Town of Grafton	10/13/78	Code Enforcement Officer	1
Please give a brief description of activities currently undertaken by your municipality to enforce your floodplain management ordinance:			
Review permits for new construction to ensure compliance with minimum requirements of the NFIP and our local ordinance. Observe and monitor structures in floodplain areas for any changes, particularly after storms. Check and maintain culverts and drainpipes for debris and deterioration.			

Next:

2. If your current floodplain management ordinance was adopted before 1996 and has not been subsequently revised, then fill in Row 1 on Pages 2 and 3. (Please leave Row 1 blank if your ordinance is current as of 1996 or later.)
3. If your jurisdiction currently does not have a specific person filling the position title of Floodplain Administrator, or if the person filling this position is unaware of their role/responsibilities, then fill in Row 2 on Pages 2 and 3. (Otherwise please leave Row 2 blank).
4. If you consider the present level of staffing insufficient to adequately enforce your floodplain management ordinance, then fill in Row 3 on Pages 2 and 3. (Please leave Row 3 blank if you feel current staffing levels are adequate.)
5. Please fill in Row 4 on Pages 2 and 3 to evaluate how you plan to update your floodplain management ordinance to be consistent with revised Flood Insurance Rate Maps that may at some point become available in the future for Rensselaer County. (Note that FEMA has not included Rensselaer County as part of its Map Modernization study; thus, no new mapping is anticipated in the near future. However, everyone should still fill in Row 4.)
6. If floodplain management staff members in your municipality are not Certified Floodplain Managers (CFMs), then please fill in Row 5 on Pages 2 and 3. (Please leave Row 5 blank if your floodplain managers are already CFMs.)
7. If your municipality is not already a participant in FEMA's Community Rating System (CRS), please fill in Row 6 on Pages 2 and 3. (No jurisdictions in Rensselaer County currently participate in the CRS; everyone should fill in Row 6.)
8. If you consider there to be additional activities that could be undertaken to enforce your municipality's floodplain management ordinance beyond what your municipality is already doing, please list these actions in the blank Rows 7 and 8 on Pages 2 and 3. (Otherwise, you can leave Rows 7 and 8 blank.) * Feel free to attach additional pages if you need more space.

NFIP COMPLIANCE ACTIONS WORKSHEET

(Name of Jurisdiction) Town of Nassau

First:

1. Please fill in the following table. (Note: All municipalities in Rensselaer County participate in the NFIP; NFIP participating communities DO have a floodplain management ordinance AND a Floodplain Administrator on the books.)

Name of Your Jurisdiction	Adoption Date of your Current Floodplain Management Ordinance	Position Title of Your Jurisdiction's Designated Floodplain Administrator	Number of Municipal Staff with Roles in Enforcement of Floodplain Management Ordinance
Town Of Nassau	1987 Local Law #1	Building Inspector/Code enforcer	1
Please give a brief description of activities currently undertaken by your municipality to enforce your floodplain management ordinance: Building/code enforcer ensures state and local laws are being adhered too. New Draft Town Comprehensive plan adopted. This plan articulates the goals, objectives, policies and recommendations pertaining to governmental services and land use within the town. Encourage consistent emergency service address labeling in new and existing development. Require the siting of new development, public services, and utilities to minimize the potential risk from man-made or natural disasters. The Federal Emergency Management Agency's (FEMA) National Flood Insurance Program(NFIP) Flood Insurance Rate Maps (FIRM) have and should continue to be made available at the Nassau Town Hall for residents' use. Regulations should be amended to require applicants for Subdivision and Site Plan approval to show mapped floodplains with submitted application materials. The Town of Nassau has and should continue to discourage inappropriate development within FEMA flood hazard areas and encourage compliance with NFIP regulations. Ensure that critical facilities are capable of operating during a man-made or natural disaster. The Town of Nassau has and should maintain an Emergency Management Plan in accordance with FEMA regulations and guidelines. Town has also for a more detailed study of local stream prone to ice jams and flooding.

Rensselaer County Multi-Jurisdictional Hazard Mitigation Planning Project

NFIP COMPLIANCE ACTIONS WORKSHEET

(Name of Jurisdiction) _____ Petersburg

First:

1. Please fill in the following table. (Note: All municipalities in Rensselaer County participate in the NFIP; NFIP participating communities DO have a floodplain management ordinance AND a Floodplain Administrator on the books.)

Name of Your Jurisdiction	Adoption Date of your Current Floodplain Management Ordinance	Position Title of Your Jurisdiction's Designated Floodplain Administrator	Number of Municipal Staff with Roles in Enforcement of Floodplain Management Ordinance
Town of Petersburg	June 30 th , 1975	Code Enforcement Officer	1
Please give a brief description of activities currently undertaken by your municipality to enforce your floodplain management ordinance: The Town Building Inspector shall examine all plans and specifications for the proposed construction when application is made to him for a building permit, and shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage. The Town Building Inspector shall require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the system into floodwaters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.			

Next:

2. If your current floodplain management ordinance was adopted before 1996 and has not been subsequently revised, then fill in Row 1 on Pages 2 and 3. (Please leave Row 1 blank if your ordinance is current as of 1996 or later.)
3. If your jurisdiction currently does not have a specific person filling the position title of Floodplain Administrator, or if the person filling this position is unaware of their role/responsibilities, then fill in Row 2 on Pages 2 and 3. (Otherwise please leave Row 2 blank.)
4. If you consider the present level of staffing insufficient to adequately enforce your floodplain management ordinance, then fill in Row 3 on Pages 2 and 3. (Please leave Row 3 blank if you feel current staffing levels are adequate.)
5. Please fill in Row 4 on Pages 2 and 3 to evaluate how you plan to update your floodplain management ordinance to be consistent with revised Flood Insurance Rate Maps that may at some point become available in the future for Rensselaer County. (Note that FEMA has not included Rensselaer County as part of its Map Modernization study; thus, no new mapping is anticipated in the near future. However, everyone should still fill in Row 4.)
6. If floodplain management staff members in your municipality are not Certified Floodplain Managers (CFMs), then please fill in Row 5 on Pages 2 and 3. (Please leave Row 5 blank if your floodplain managers are already CFMs.)
7. If your municipality is not already a participant in FEMA's Community Rating System (CRS), please fill in Row 6 on Pages 2 and 3. (No jurisdictions in Rensselaer County currently participate in the CRS; everyone should fill in Row 6.)

Rensselaer County Multi-Jurisdictional Hazard Mitigation Planning Project

NFIP COMPLIANCE ACTIONS WORKSHEET

(Name of Jurisdiction) _____ Town of Schaghticoke

First:

1. Please fill in the following table. (Note: All municipalities in Rensselaer County participate in the NFIP; NFIP participating communities DO have a floodplain management ordinance AND a Floodplain Administrator on the books.)

Name of Your Jurisdiction	Adoption Date of your Current Floodplain Management Ordinance	Position Title of Your Jurisdiction's Designated Floodplain Administrator	Number of Municipal Staff with Roles in Enforcement of Floodplain Management Ordinance
Town of Schaghticoke	1987	Planning Board	8
Please give a brief description of activities currently undertaken by your municipality to enforce your floodplain management ordinance: There has been application made to the planning board this year (2010) for a home to be built in Pleasantdale in the flood plain. The planning board and the building inspector are working with the resident to insure compliance with all applicable flood plain regulations.			

Next:

2. If your current floodplain management ordinance was adopted before 1996 and has not been subsequently revised, then fill in Row 1 on Pages 2 and 3. (Please leave Row 1 blank if your ordinance is current as of 1996 or later.)
3. If your jurisdiction currently does not have a specific person filling the position title of Floodplain Administrator, or if the person filling this position is unaware of their role/responsibilities, then fill in Row 2 on Pages 2 and 3. (Otherwise please leave Row 2 blank).
4. If you consider the present level of staffing insufficient to adequately enforce your floodplain management ordinance, then fill in Row 3 on Pages 2 and 3. (Please leave Row 3 blank if you feel current staffing levels are adequate.)
5. Please fill in Row 4 on Pages 2 and 3 to evaluate how you plan to update your floodplain management ordinance to be consistent with revised Flood Insurance Rate Maps that may at some point become available in the future for Rensselaer County. (Note that FEMA has not included Rensselaer County as part of its Map Modernization study; thus, no new mapping is anticipated in the near future. However, everyone should still fill in Row 4.)
6. If floodplain management staff members in your municipality are not Certified Floodplain Managers (CFMs), then please fill in Row 5 on Pages 2 and 3. (Please leave Row 5 blank if your floodplain managers are already CFMs.)
7. If your municipality is not already a participant in FEMA's Community Rating System (CRS), please fill in Row 6 on Pages 2 and 3. (No jurisdictions in Rensselaer County currently participate in the CRS; everyone should fill in Row 6.)
8. If you consider there to be additional activities that could be undertaken to enforce your municipality's floodplain management ordinance beyond what your municipality is already doing, please list these actions in the blank Rows 7 and 8 on Pages 2 and 3. (Otherwise, you can leave Rows 7 and 8 blank.) * Feel free to attach additional pages if you need more space.

If you consider there to be additional activities that could be undertaken to enforce your municipality's floodplain management ordinance beyond what your municipality is already doing, please list these actions in the blank Rows 7 and 8 on Pages 2 and 3. (Otherwise, you can leave Rows 7 and 8 blank.) * Feel free to attach additional pages if you need more space.

(Name of Jurisdiction) Village of Valley Falls

IMPLEMENTATION STRATEGY

Priority	NFIP Compliance Action	Applies to Community Structures (Existing / New / Both / Neither)	Primary Department Responsible	Existing Local Planning Mechanism through which the action will be implemented	Target Date	Cost Estimate	Funding Source
High	1. Update/revise floodplain management ordinances to comply with latest FEMA regulations	both	Code Enforcement	Village legislative body	2012	Low	Local staff time
Low	2. Designate/install a specific person to be your municipality's Floodplain Administrator	both	Board of Trustees	Village legislative body	Ongoing	Low	Local staff time
High	3. Add/train sufficient members of staff to adequately enforce NFIP regulations/floodplain management ordinances	Both	Board of Trustees	Village legislative body	Ongoing	Low	Local staff time
Low	4. Update/revise floodplain management ordinances to be consistent with potential future new FIRMs	both	Board of Trustees	Village legislative body	Ongoing	Low	Local staff time
Low	5. Require staff involved in Floodplain management and ordinance enforcement to become Certified Floodplain Managers (CFMs)	both	Board of Trustees	Village legislative body	Ongoing	Low	100% grant
Low	6. Join the Community Rating System (CRS)	both	Board of Trustees	Village legislative body	TBD	moderate	Local staff time
	7.						
	8.						

costs: high=\$30k-\$50k; moderate=\$5k to \$30k; low=under \$5k

Hazard Mitigation Plan – NFIP Requirements

As of October 1, 2008, Flood Mitigation Assistance (FMA) Plan requirements were added to 44 CFR §201.6, which applies to Local Hazard Mitigation Plans (LHMPs.) These changes result in new requirements for NFIP-related information to be included in LHMPs and create a single planning requirement that applies to FMA, as well as HMGP and PDM, grant eligibility. This document explains the new requirements and provides suggestions to assist communities in meeting them.

1. Assessing Vulnerability: Addressing Repetitive Loss Properties **Requirement §201.6(c)(2)(ii):** *[The risk assessment] must also address National Flood Insurance Program (NFIP) insured structures that have been repetitively damaged by floods.*

As part of the Risk Assessment, LHMPs must discuss repetitive loss and severe repetitive loss properties as defined by the National Flood Insurance Program (NFIP).

A Repetitive Loss Property is defined in the Flood Insurance Manual as “an NFIP insured structure that has had at least two paid flood losses of more than \$1,000 each in any 10-year period since 1978.”

Severe Repetitive Loss Properties are defined in 44 CFR §79.2(g) as follows:

Severe Repetitive Loss Properties are defined as single or multifamily residential properties that are covered under an NFIP flood insurance policy and:

- (1) That have incurred flood-related damage for which 4 or more separate claims payments have been made, with the amount of each claim (including building and contents payments) exceeding \$5,000, and with the cumulative amount of such claims payments exceeding \$20,000; or
- (2) For which at least 2 separate claims payments (building payments only) have been made under such coverage, with cumulative amount of such claims exceeding the market value of the building.
- (3) In both instances, at least 2 of the claims must be within 10 years of each other, and claims made within 10 days of each other will be counted as 1 claim.

The plan should include the following information about repetitive loss and severe repetitive loss properties:

- Number of properties in the community.
- Number, dates, and amounts of claims paid.
- Maps showing areas of repetitive loss concentration.
- If and how these properties will be mitigated or addressed in the future.

Use of flood insurance claim information is subject to The Privacy Act of 1974, as amended, which prohibits public release of the names of policy holders and the amount of the claim payment or assistance. Do not identify specific parcel, address, or ownership information; however, summary information and maps can be made public.

The best resources for repetitive loss information are the State NFIP Coordinator and FEMA Insurance Specialist.

2. Identification and Analysis of Mitigation Actions: National Flood Insurance Program (NFIP) Compliance
Requirement: §201.6(c)(3)(ii): *[The mitigation strategy] must also address the jurisdiction's participation in the National Flood Insurance Program (NFIP), and continued compliance with NFIP requirements, as appropriate.*

LHMP's Mitigation Strategy must describe the community's participation in the NFIP and include actions that address continued compliance with the NFIP. There is a variety of information that addresses NFIP participation; similarly, there are many ways to address continued compliance with the NFIP.

National Flood Insurance Program Participation

This section provides an overview of information to consider for inclusion in the LHMP regarding NFIP participation.

Topic	Considerations	Where to find information
Insurance Summary	- How many NFIP policies are in the community? What is the total premium and coverage? - How many claims have been paid in the community? What is the total amount of paid claims? How many of the claims were for substantial damage? - Number of structures exposed to flood risk within the community - Describe any areas of flood risk with limited NFIP policy coverage	- State NFIP Coordinator or FEMA NFIP Specialist - FEMA NFIP or Insurance Specialist - Community Floodplain Administrator (FPA) - Community FPA & FEMA Insurance Specialist
Staff resources	- Does the community have a dedicated Floodplain Manager or NFIP Coordinator? - Is floodplain management an auxiliary duty? - Is there a Certified Floodplain Manager on staff? - Provide an explanation of NFIP administration services (e.g., permit review, GIS, education or outreach, inspections, engineering capability) - What are the barriers to running an effective NFIP program in the community, if any?	- Community FPA - Community FPA - Community FPA - Community FPA - Community FPA

Topic	Considerations	Where to find information
Compliance history	- Is the community in good standing with the NFIP? - Are there any outstanding compliance issues (i.e., current violations)? - When was the most recent Community Assistance Visit (CAV) or Community Assistance Contact (CAC)? - Is a CAV or CAC scheduled or needed?	State NFIP Coordinator, FEMA NFIP Specialist, community records
Regulation	- When did the community enter the NFIP? - What did the community's Flood Insurance Rate Maps (FIRMs) become effective? - Are the FIRMs digital or paper? - Does the Floodplain Ordinance meet or exceed FEMA or State minimum requirements? If so, in what ways? - Provide an explanation of the permitting process and include a copy of floodplain permit	- Community Status Book http://www.fema.gov/fema/csb.shtml - Community FPA, State or FEMA NFIP Specialists - Community FPA - Community FPA
Community Rating System (CRS)	- Does the community participate in CRS? - What is the community's CRS Class Ranking? - What categories and activities provide CRS points and how can the class be improved? - Does the plan include CRS planning requirements	- Community FPA, State, FEMA NFIP - Flood Insurance Manual http://www.fema.gov/business/nfip/manual.shtml - Community FPA, FEMA CRS Coordinator, ISO representative - CRS manual http://www.fema.gov/library/viewRecord.do?id=2434

NFIP Continued Compliance Actions

The requirement to include actions related to continued compliance with the NFIP in the LHMP's Mitigation Strategy is not met by discussing ways to reduce flood risk. The Mitigation Strategy must include actions that address the administration of the NFIP in the community. This section outlines topics to consider when developing NFIP compliance related actions.

Topic	Considerations
Staff resources	Identify need for additional staff Identify training needs of existing staff
Compliance	When is the next Community Assistance Visit anticipated? If unknown, discuss any need for CAV, CAC, or other compliance assistance.
Regulation	Are there potential ordinance changes to consider to strengthen requirements? Are there potential improvements to permitting process or other administrative aspects of the community's NFIP program? Could the community enhance its floodplain services?
Flood Risk Maps	Are there flood prone areas that need new flood studies? What areas are highest priority and why? Does the community have new data that can be included in future flood map updates?
Community Outreach	Consider outreach and education to provide in the community. Outreach can be targeted to increase NFIP policies, promote NFIP services, or increase knowledge of local flood risk, among other topics. Consider a variety of audiences, such as elected officials or builders.
Community Rating System (CRS)	Does the community want to participate in the CRS program? Does the community want to improve its current CRS class ranking? Identify activities the community is or will be pursuing to gain CRS points.
